

## Fair Director Message

Raj Natarajan

**Dear Friends,**

Following thumping success of the India Australia Friendship Fair 2004, the organisation behind the Fair, United Indian Associations Inc. (UIA) set its goal higher this year for Fair 2005. When UIA asked me once again to be Fair Director and lead the Fair team to organise the India Australia Friendship Fair 2005, at the same venue, Athletic Centre, Sydney Olympic Park, I was overwhelmed by the confidence shown by the UIA Governing Council and the Executive Committee. Hence I thought my previous years' experience would come in handy and I made my services available for this mega community event. I am sure this Fair will grow in stature in the coming years and provide a perfect platform to showcase Indian Culture and thus recognise and celebrate the contribution of Indian Migrant Community in Australia over the last 4 to 5 decades. I thank UIA for this opportunity to organise a Fair of this magnitude and I am happy to do this as a servant of the Community. I wish to, particularly, thank all the team leaders who helped organise this Fair.
